

Building our virtual community for youth ages 6-14

Let's make the best of the summer and build our virtual community. If you have a space to be, a device, and an internet connection, you are welcome to join us!

Our goals are to:

- Provide enough time to stay connected with positive energy and laughter.
- Offer some DIY activities for rainy days or alone time
- Give parents respite time and structure to reframe this summer

Every one week session provides three different one hour sessions per day! Join some or join all of them, any day of the week!

Campers can attend all live events, view the recordings at another time, or pick and choose what they do. Each registered camper will receive "Camp in a Box". This package will contain everything your child needs to participate in camp.

Upcoming virtual camp weeks:

Programs ages 6-14 with breakout sessions by age. Siblings are welcome.	Program dates	Registration deadline to receive camp in a box
