2020 Camp Volunteers

About Zebra Crossings: We offer empowerment programs for youth and teens with chronic medical conditions. Whether it is a week-long camp, or weekend activities, care is always provided by trained medical staff. We aim to lessen the burden of chronic medical conditions by connecting kids through play and giving respite for caregivers. Zebra Crossings is a fun, safe place where kids just get to be kids.

We believe participants will leave our programs with:

- Greater self-confidence and sense of independence
- Inspiration to live life to the fullest
- Desire to seek opportunities and to achieve goals
- Awareness to take responsibility for their health
- New friendships and a lasting support community

The quote below is from our Skyhawk (Leader In Training) Bailey, who needed to alter her entire life, at age 14, in order to adapt to living with Type I Diabetes.

Bailey & her sister in 2015
at Zebra Crossings

Going to Zebra Crossings was very helpful to me because I was not embarrassed about having diabetes, plus participating in camp activities was loads of fun. Eventually, the more I dealt with having diabetes, the less afraid I was of people finding out. Going to camp helped me become more confident in myself. Over the past few years, especially in college, it has become a lot easier for me to talk about my diabetes with others.

Bailey in 2020

- Preference will be given to the qualified candidates who can join us for multiple camps.
- Volunteers need to attend a one-day volunteer orientation and training session (dates TBD).
- We will conduct background and references checks on all our volunteers.

Detailed position descriptions below. If you would like to be a part of our organization and make a difference in a child's life, apply at zebra-crossings.campbrainstaff.com.
