

Zebra Crossings statement concerning COVID-19

As COVID vaccinations continue to roll out and state guidelines are easing up, we continue to assess how to best offer select programs in 2021. We keep our primary focus on the health and well-being of all of the participants and staff in our communities and are monitoring the situation closely.

As Zebra Crossings does not have its own facility, we are dependent on partnering with other camps or facilities. Most of these organizations are currently operating at maximum capacity due to safety guidelines. Other programs are often held in public places (such as State Parks), which currently limit our ability to ensure full safety guidelines to be implemented.

For these reasons, **Zebra Crossings will not be running any in person programs this Summer.** We look forward to resuming in person Family Weekends this Fall with [Heart Family Camp](#), November 12-14, 2021.

We ask that all adults be fully vaccinated in order to attend. Each program will include specific COVID protocols, which may change based on the current circumstances. Participants need to be willing to adapt to guidelines including, but not limited to, handwashing, wearing a mask, physical distancing, etc. Details will be provided prior to each program.

Please check our [Program Calendar](#) for upcoming programs and events as we are continuously adapting what we offer to meet the needs of our community.

We encourage you to find more information through these trusted sources:

- [The Centers for Disease Control and Prevention](#)
- [The World Health Organization](#)
- [U.S. State Department Travel Information](#)

You may contact meg@zebra-crossings.org with questions or inquiries. We will continue to communicate with updates as they are available.
